Broaden Your Business Opportunities

The PLYNTH™ Classic is the latest evolution of the award winning PLYNTH line of kiosks from KING Products + Solutions. The PLYNTH's elegant and eye-catching appearance attracts users and encourages interaction.

Attract More Users

The PLYNTH's elegant and eye-catching form attracts, invites users and promotes your corporate image.

PLYNTH kiosks offer a wide range of configurations that provides several options to maximize your kiosk business opportunities.

Designed for 24x7 operation, PLYNTH kiosks are highly available and responsive to user interaction. We build our kiosks with proven technology.

With PLYNTH kiosks and our top-notch customer service, your kiosk project is assured of success.

Your Satisfaction

At KING, customer satisfaction is our highest priority. We provide all the required services throughout the lifecycle of your project.

Our Professional Services include: project management, training, custom hardware and software engineering, content development, costing and support.

KING is committed to providing complete robust solutions that meet your requirements.

We are focused on your kiosk business.
